REGISTRATION

State of Indiana AR11200064

EDUCATION

Bachelor of Architecture,
Iowa State University, 2007
Rome Study Abroad Program, 2006

SKILLS

AutoDesk Revit Architecture
AutoCAD MEP Architecture
Adobe Photoshop
Adobe InDesign
Trimble Sketchup
Enscape Rendering Software
Rhinoceros 3D

ACTIVITIES

- OZ First Friday Art Show
Artist wrangler, 2015-2018
- Forever Home Challenge Design
Competition, 2014
- CANstruction Indianapolis Designer,
fundraiser, 2009-2011 International
Honorable Mention in 2011
- Magnet School Job Shadow Taught
introductory 3D modeling lesson to
middle school students, 2010-2013

INTERESTS & HOBBIES

Improvisational comedy performer
Indie published novelist

QUALIFICATIONS

- Twelve years of architectural practice experience in a range of project types and sizes.
- Adept at collaborating and delivering design projects utilizing Building Information Modeling (BIM) for drawing production and model management.
- Experience in all stages of contract drawings and specification development.

PROFESSIONAL EXPERIENCE

OZ Architecture, Denver, CO Jan 2015-June 2019
Contributed to the success of a variety of project types from housing to higher education and public works. Developed project Revit models and focused on exterior design and detailing for many projects. Produced concept and schematic level design presentations which included photorealistic graphics and diagrams. Created alternate site test fits for public projects and housing unit yield studies for urban developments.

Projects include: South Metro Fire and Rescue Station, Highlands Ranch, CO
South Madison Apartments, Greeley, CO
Uncommon Student Apartments, Fort Collins, CO
Front Range Community College, Fort Collins, CO

H+L Architecture, Denver, CO Jan 2014-Jan 2015
On-site construction observation/administration role of the Department of Veterans Affairs Replacement Medical Center in Aurora, CO. Responsibilities included responding to requests for information, submittal review, and project change documentation using building Revit models. Worked closely with design team across a 13 building replacement campus consisting of diagnostic and treatment centers, clinic buildings, and parking structures.

Blackburn Architects, Indianapolis, IN Sep 2013-Dec 2013
Updated Revit model during a construction phase redesign of the interior lobby and ballroom of the Doubletree Hotel and Event Center in Lawrenceburg, IN.

BSA LifeStructures, Indianapolis, IN June 2007-July 2013
Developed construction documents in collaboration with engineering consultants and other design team members. Produced drawing sets using Building Information Modeling (BIM) software. Assumed LEED administrator role and incorporated sustainable building strategies. Prepared and submitted construction permit and energy compliance applications. Stayed with projects from design through construction administration.

Projects include: Dow AgroSciences R&D Lab Expansion, Indianapolis, IN
Outpatient Surgery Hospital Expansion, Mishawaka, IN
Community Hospital Emergency Dept. Expansion, Indianapolis, IN
Engineering Research Building, University of Notre Dame, South Bend, IN

Woodruff Design, Ames, IA Jun 2006-May 2007
